

GHS: According to 2015/830/	EU
Code Number Version 1 Revised 17/0	FM78607 13/2023 12:16:56 PM
Section 1. Identificatio	n of the substance/mixture and of the company/undertakir
1.1 Product I dentifier	
Product Name	SWEET PEA AP
Code Number	FM78607
Alternative Name	
REACH Reg No	Not registered
1.2 Relevant identified	l uses of the substance or mixture and uses advised against
For fragrance use.	
1.3 Details of the supp	lier of the safety data sheet
	Australian Botanical Products Ltd
	39 Melverton Drive, Hallam Victoria, 3803 Australia
	ABN: 45006782529
Telephone Number	Tel No. +613 97094800
Email Address	info@abp.com.au
1.4 Emergency Tel No	Emergency No. +61 438196124
Section 2. Hazard Iden	tification
2.1 Classification of th	e substance or mixture
SS 1B	Skin sensitisation, category 1B
EDI 2A	Eye damage/irritation, category 2A
EH A2	Aquatic hazard, acute, category 2
EH C2	Aquatic hazard, chronic, category 2
2.2 Label elements	

HS: According to 2015/	830/EU
Code Number Version 1 Revised .	FM78607 17/03/2023 12:16:56 PM
GHS classification	according to Regulation (EC) No 1272/2008
Hazard Pictogra	ms
•	
Signal Word	Warning
Hazard Stateme	nts
H317	May cause an allergic skin reaction
H319	Causes serious eye irritation
H411	Toxic to aquatic life with long lasting effects
Precautionary St	atements
P261	Avoid breathing fumes.
P273	Avoid release to the environment.
P280	Wear protective gloves and eye protection
P333+P313	If skin irritation or rash occurs: Get medical advice.
P337+P313	If eye irritation persists: Get medical attention.
P362+P364	Take off contaminated clothing and wash it before reuse.
P391	Collect spillage.
P501	Dispose of contents and container in accordance to local regulations.
2.3 Other Hazards	
	-Methylionone, Amyl Cinnamal, Benzyl Salicylate, Citral, Citronellol, alool which may produce an allergic reaction
No further informa	ation available at this time
	tion / information on ingredients d here for hazardous components are for illustrative purposes only
3.2 Mixtures	
Complex mixture of	of ingredients

Printed on 17 Mar 2023

#### Section 4. First Aid measures

Take phrases in section 2 into account

4.1 Description of first aid measures

#### After inhalation

If fumes or combustion products are inhaled, remove to fresh uncontaminated air, lay patient on back until breathing returns to normal.

Printed on 17 Mar 2023

GHS: According to 2015/830/EU

Code Number FM78607

Version 1 Revised 17/03/2023 12:16:56 PM

#### After skin contact

May cause an allergic reaction. Remove contaminated clothing and wash thoroughly with soap and water. Seek medical advice if irritation persists or there are any signs of tissue damage.

After eye contact

Highly irritating. Flush eyes with plenty of water for 15 minutes including under eyelid. Seek medical advice if irritation persists. Removal of contact lenses after an eye injury should only be undertaken by skilled personnel.

After ingestion

Do NOT induce vomiting. Position to avoid aspiration should vomiting occur. Wash mouth with plenty of water and obtain medical advice immediately. Never give anything by the mouth to an unconscious patient.

#### 4.2 Most important symptoms and effects, both acute and delayed

Take phrases in sections 2 and 11 into account. No further information available at this time.

4.3 Indication of immediate medical attention and special treatment needed Treat symptomatically.

Section 5. Fire-fighting measures

5.1 Extinguishing Media

Carbon dioxide, foam or dry powder. DO NOT USE A DIRECT WATER JET.

5.2 Special hazards arising from the substance or mixture

May produce Carbon dioxide and unidentified organic compounds.

5.3 Advice for fire-fighters

Wear Self-Contained Breathing Apparatus (S.C.B.A.) and full protective clothing to minimise skin exposure. Avoid inhalation of dusts/vapours. Keep containers cool with water spray. Do not use direct water jet on burning material. Do not allow spillage of fire to enter drains or watercourses.

HazChem Code • 3Z

Section 6. Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures Remove all sources of ignition. Avoid inhalation, skin and eye contact. Ensure proper ventilation. Evacuate all unnecessary personnel. If possible, contain the spill.

6.2 Environmental precautions Do not discharge directly into drains or the soil. Keep away from surface and ground

Printed on 17 Mar 2023

GHS: According to 2015/830/EU

Code Number FM78607 Version 1 Revised 17/03/2023 12:16:56 PM

water.

6.3 Methods and material for containment and cleaning up

Soak up spillage with sand or other inert absorbent material such as earth or vermiculite; transfer used material to a suitable waste container and dispose in accordance with regulations. If large quantities of this material enter the waterways, contact the EPA or your local Waste Management Group.

6.4 Reference to other sections

Refer to information in Sections 7, 8 and 13

Section 7. Handling and storage

7.1 Precautions for safe handling

Maintain good occupational and personal hygiene. Avoid inhalation and contact with skin and eyes. Wear protective clothing and use safety glasses. Keep in original container or an alternative made from a compatible material.

7.2 Conditions for safe storage, including any incompatibilities

Store in tightly sealed original containers away from ignition sources and in a cool place. Avoid contact with incompatible materials that support combustion, such as strong oxidising agents.

7.3 Specific end use(s)

No further information available.

Section 8. Exposure controls / personal protection

8.1 Control Parameters

No exposure standards have been established for this material by Work safe Australia. However, as a matter of course avoid repeated or prolonged contact with the skin. Keep out of eyes. Do not ingest. Use with good ventilation, do not breathe dusts/vapours. Sensitive individuals may develop an allergic response.

8.2 Exposure controls

Engineering controls

Natural ventilation should be sufficient, however where dusts/vapours are generated the use of a grounded mechanical exhaust ventilation system is recommended.

Individual protection measures

Refer to Section 5 for specific fire/chemical personal protective equipment advice. Always wash routinely before breaks, meals and at the end of the work period.

Eye/face protection

Use splash-proof safety glasses and face shield where splashing is possible.

The information contained herein is true and accurate to the best of our knowledge. All information is valid until revisions are issued. However, the accuracy of this information cannot be guaranteed by the company as the data has been obtained from different sources. We will not, therefore, accept liability for misuse of this data resulting in damage or loss.

GHS: According to 2015/830/EU

Code Number FM78607

Version 1 Revised 17/03/2023 12:16:56 PM

Hand protection

Wear chemically resistant disposable gloves.

Other skin protection

Wear overalls. Depending on conditions in the workplace, additional body protection should be considered. Always wash routinely before breaks, meals and at the end of the work period.

Respiratory protection

Not generally required. Use inhalation protection in poorly ventilated areas.

Thermal hazards

No information.

Environmental exposure controls

Emissions from ventilation and process equipment should be checked to ensure compliance with environmental protection legislation.

National Exposure Standards

No exposure standards have been established for this material by Worksafe Australia.

**Biological Limit Values** 

No biological limit allocated.

Section 9. Physical and chemical properties

9.1 Information on basic physical	and chemical properties
FLASH POINT (°C)	>100°C
APPEARANCE	Mobile liquid
COLOUR	Pale yellow to golden yellow
ODOUR	Citrus, sweet pea, pineapple, waterlily, kiwi, musk
ODOUR THRESHOLD	Not available
pH @20 DEG C	Not available
MELTING/FREEZING POINT	Not available
INITIAL BOILING POINT AND RANGE	Not available

Section 11. Toxicological information
11.1 Information on toxicological effects
Acute toxicity Not classified based on available data.
Skin corrosion / irritation Not classified based on available data.
Serious eye damage / irritation Causes serious eye irritation.
Respiratory or skin sensitisation May cause an allergic skin reaction.
Germ cell mutagenicity No data
Carcinogenicity No data
Reproductive toxicity No data
STO-single exposure No data
STO-repeated exposure No data
Aspiration hazard No data
Information on likely routes of exposure No data
Symptoms related to the physical, chemical and toxicological characteristics No data
Delayed and immediate effects as well as chronic effects from short and long-term exposure No data
Interactive effects No data

Section 15. Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

Poison Schedule (SUSMP): Not applicable HS Tariff Code: 3302.90.00

All the constituents of this material are compliant with AICIS regulation.

15.2 Chemical safety assessment A chemical safety assessment has not been carried out

Section 16. Other information

Full list of precautionary phrases

P261	Avoid breathing fumes.		
P264	Wash hands thoroughly after handling		
P272	Contaminated work clothing should not be allowed out of the workplace.		
P273	Avoid release to the environment.		
P280	Wear protective gloves and eye protection		
P302+P352	IF ON SKIN: Wash with plenty of water.		
P305+P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.		
P333+P313	If skin irritation or rash occurs: Get medical advice.		
P337+P313	If eye irritation persists: Get medical attention.		
P362+P364	Take off contaminated clothing and wash it before reuse.		
P391	Collect spillage.		
P501	Dispose of contents and container in accordance to local regulations.		
Wording of any hazard classes listed in section 3			
FL 3	Flammable liquid, category 3
