# SAFETY DATA SHEET

Revision date: 19-Nov-2024

#### Revision Number 5

Section 1: Identification			
Product identifier			
Product Name	BORAX DECAHYDRATE		
Product Code(s)	00000030863		
Other means of identification			
CAS No.	303-96-4		
Synonyms	Sodium tetraborate decahydrate; Disodium tetraborate decahydrate; Borax decahydrate; Borax decahidratado		
Pure substance/mixture	Substance		
Recommended use of the chemical	and restrictions on use		
Recommended use	Cosmetics applications. Restricted to professional users.		
Uses advised against	No information available.		
Details of manufacturer or importer	-		
Supplier Ixom Operations Pty Ltd (Bronson & Jacobs division) - incorporated in Australia ABN:51 600 546 512 70 Marple Avenue Villawood NSW 2163 Australia Telephone Number: +61 2 8717 2929			
Facsimile: +61 2 9755 9611			
Emergency telephone number			
Emergency telephone number	1 800 033 111 (ALL HOURS)		
Please ensure you refer to the limitations of this S	Safety Data Sheet as set out in the "Other Information" section at the end of this Data Sheet.		
Section 2: Hazard identific	ation		
	n accordance with the criteria of Safe Work Australia - Globally Harmonized System (GHS). the criteria of the Australian Dangerous Goods Code (ADG Code) for transport by Road and		

Rail; NON-DANGEROUS GOODS.

GHS Classification_	
Serious eye damage/eye irritation	Category 2
Reproductive toxicity	Category 1B

Label elements Exclamation mark

Signal word DANGER

#### **Hazard statements**

H319 - Causes serious eye irritation H360FD - May damage fertility. May damage the unborn child

# **Precautionary Statements - Prevention**

Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear protective gloves/clothing and eye/face protection. Wash face, hands and any exposed skin thoroughly after handling. **Precautionary Statements - Response** IF exposed or concerned: Get medical advice/attention. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. **Precautionary Statements - Storage** Store locked up.

### **Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant.

#### Other hazards which do not result in classification

May be harmful if swallowed.

# Section 3: Composition and information on ingredients

Chemical name	CAS No.	Weight-%
Sodium borate decahydrate	1303-96-4	100

# Section 4: First aid measures

#### Description of first aid measures

General advice	For advice, contact a Poisons Information Centre (e.g. phone Australia 13 11 26; New Zealand 0800 764 766) or a doctor. IF exposed or concerned: Get medical advice/attention. Show this safety data sheet to the doctor in attendance.
Inhalation	IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. IF exposed or concerned: Get medical advice/attention.
Eye contact	Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Keep eye wide open while rinsing. Do not rub affected area. Get medical attention if irritation develops and persists.
Skin contact	Wash off immediately with soap and plenty of water. Get medical attention if symptoms

	occur.
Ingestion	Rinse mouth. Never give anything by mouth to an unconscious person. Do NOT induce vomiting. Call a physician.
Self-protection of the first aider	Avoid contact with skin, eyes or clothing. Wear personal protective clothing (see section 8).
Most important symptoms and effec	ts, both acute and delayed
Symptoms	May cause redness and tearing of the eyes. Burning sensation.
Effects of Exposure	May cause adverse reproductive effects - such as birth defect, miscarriages, or infertility.
Indication of any immediate medical	attention and special treatment needed
Note to physicians	Treat symptomatically.

# Section 5: Firefighting measures

# Suitable Extinguishing Media

Suitable extinguishing media	Use extinguishing measures that are appropriate to local circumstances and the
	surrounding environment.

# Specific hazards arising from the chemical

Specific hazards arising from the chemical	Non-combustible. In the event of fire, cool tanks with water spray. Do not allow run-off from fire-fighting to enter drains or water courses. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.	
Hazardous combustion products	Oxides of boron. Sodium compounds. Carbon oxides.	
Special protective actions for fire-fi	pecial protective actions for fire-fighters	
Special protective equipment and precautions for fire-fighters	Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.	

# Section 6: Accidental release measures

Personal precautions, protective equipment and emergency procedures

Personal precautions	Avoid contact with skin, eyes or clothing. Use personal protective equipment as required. Ensure adequate ventilation. Avoid generation of dust. Do not breathe dust.	
Other information	Refer to protective measures listed in Sections 7 and 8.	
For emergency responders	Use personal protection recommended in Section 8.	
Environmental precautions		
Environmental precautions	Prevent product from entering drains. Keep out of waterways. See Section 12 for additional Ecological Information.	
Methods and material for containment and cleaning up		
Methods for containment	Prevent further leakage or spillage if safe to do so.	

Use appropriate personal protective equipment (PPE). Carefully shovel or sweep up spilled material and place in suitable container. Avoid generating dust.

# Section 7: Handling and storage

Precautions for safe handling

Advice on safe handling	Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Do not eat, drink or smoke when using this product. Ensure adequate ventilation. Use with local exhaust ventilation. Do not breathe dust. Avoid generation of dust. Use personal protection equipment. Wash thoroughly after handling. Take off contaminated clothing and wash before reuse. Obtain special instructions before use. Avoid contact during pregnancy and while nursing.		
General hygiene considerations	Do not eat, drink or smoke when using this product. Wash hands before breaks and immediately after handling the product. Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection.		
Conditions for safe storage, includi	uding any incompatibilities		
Storage Conditions	Keep containers tightly closed in a dry, cool and well-ventilated place. Store locked up. Keep/store only in original container. Do not contaminate food or feed stuffs. Keep container closed when not in use.		
	This material is a Scheduled Poison and must be stored, maintained and used in accordance with the relevant regulations. Protect from direct sunlight.		
Incompatible materials	Reducing agent. Base metals.		

# Section 8: Exposure controls and personal protection

# Control parameters

#### Exposure Limits

Chemical name	Australia	New Zealand	ACGIH TLV
Sodium borate decahydrate 1303-96-4	TWA: 5 mg/m³	TWA: 5 mg/m³	TWA: 2 mg/m <sup>3</sup> inhalable particulate matter STEL: 6 mg/m <sup>3</sup> inhalable particulate matter

Chemical name	European Union	United Kingdom	Germany DFG
Sodium borate decahydrate	-	TWA: 5 mg/m <sup>3</sup>	-
1303-96-4		STEL: 15 mg/m <sup>3</sup>	

As published by Safe Work Australia Workplace Exposure Standards for Airborne Contaminants.

TWA - The time-weighted average airborne concentration of a particular substance when calculated over an eight-hour working day, for a five-day working week.

These Workplace Exposure Standards are guides to be used in the control of occupational health hazards. All atmospheric contamination should be kept to as low a level as is workable. These workplace exposure standards should not be used as fine dividing lines between safe and dangerous concentrations of chemicals. They are not a measure of relative toxicity.

## Appropriate engineering controls

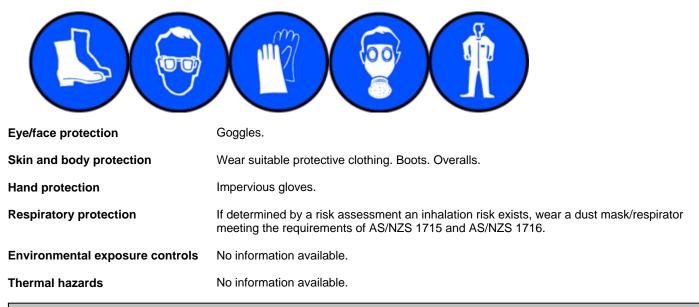

#### Engineering controls

If in the handling and application of this material, safe exposure levels could be exceeded, the use of engineering controls such as local exhaust ventilation must be considered and the results documented. If achieving safe exposure levels does not require engineering controls, then a detailed and documented risk assessment using the relevant Personal Protective Equipment (PPE) (refer to PPE section below) as a basis must be carried out to determine the minimum PPE requirements.

## Individual protection measures, such as personal protective equipment

The selection of PPE is dependent on a detailed risk assessment. The risk assessment should consider the work situation, the physical form of the chemical, the handling methods, and environmental factors.

OVERALLS, SAFETY SHOES, CHEMICAL GOGGLES, GLOVES, DUST MASK.

# Section 9: Physical and chemical properties

# Information on basic physical and chemical properties

Physical state Appearance Color Odor Odor threshold	Solid Powder / Granules / Crystalline White Odourless No information available	
Property_	Values	Remarks • Method
pH	9.3	4.7% @ 20°C
pH (as aqueous solution)	No data available	None known
Melting point / freezing point	> 1000 °C	None known
Boiling point / boiling range	No data available	None known
Flash point	No data available	None known
Evaporation rate	No data available	None known
Flammability (solid, gas)	No data available	None known
Flammability Limit in Air		None known
Upper flammability or explosive limits	No data available	
Lower flammability or explosive limits	No data available	
Vapor pressure	No data available	None known
Vapor density	No data available	None known

Relative density
Water solubility
Solubility(ies)
Partition coefficient
Autoignition temperature
<b>Decomposition temperature</b>
Kinematic viscosity
Dynamic viscosity

Other information

1.72	approx; @ 23 °C
47 - 49.74	g/L @ 20 °C; approx.
Soluble in water	None known
Log Pow = -0.757 (based on boric acid)	)@ 25 °C
No data available	None known

# Section 10: Stability and reactivity

**Reactivity** 

Reactivity	Reacts with light alloys to form hydrogen.		
Chemical stability			
Stability	Stable under normal conditions.		
Explosion data Sensitivity to mechanical impac Sensitivity to static discharge	t None. None.		
Possibility of hazardous reactions			
Possibility of hazardous reactions	None under normal processing.		
Conditions to avoid			
Conditions to avoid	Heat, flames and sparks. Dust formation. Moisture.		
Incompatible materials			
Incompatible materials	Reducing agent. Base metals.		
Hazardous decomposition products			
Hazardous decomposition products Oxides of boron. Sodium compounds. Carbon oxides.			
Section 11: Toxicological information			

# Section 11: Toxicological information

# Information on likely routes of exposure

Product Information	No adverse health effects expected if the chemical is handled in accordance with this Safety Data Sheet and the chemical label. Symptoms or effects that may arise if the chemical is mishandled and overexposure occurs are:	
Inhalation	May cause irritation of respiratory tract.	
Eye contact	Causes serious eye irritation. May cause redness, itching, and pain.	
Skin contact	May cause irritation. Prolonged contact may cause redness and irritation.	
Ingestion	Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea.	
Symptoms	May cause redness and tearing of the eyes.	

# Acute toxicity .

Numerical measures of toxicity - Product Information

Chemical name	Oral LD50	Dermal LD50	Inhalation LC50
Sodium borate decahydrate	= 3493 mg/kg (Rat)	> 10000 mg/kg (Rabbit)	> 2 mg/m³ (Rat)4 h

See section 16 for terms and abbreviations

## Delayed and immediate effects as well as chronic effects from short and long-term exposure

Skin corrosion/irritation	No information available.
Serious eye damage/eye irritation	Causes serious eye irritation.
Respiratory or skin sensitization	No information available.
Germ cell mutagenicity	No information available.

# Carcinogenicity

The table below indicates whether each agency has listed any ingredient as a carcinogen.

Chemical name	Australia	European Union	IARC
Sodium borate decahydrate - 1303-96-4	-	-	Group 2A

#### Legend

# IARC (International Agency for Research on Cancer)

Group 2A - Probably Carcinogenic to Humans

Reproductive toxicity	May damage fertility. May damage the unborn child.
STOT - single exposure	No information available.
STOT - repeated exposure	No information available.
Aspiration hazard	No information available.

# Section 12: Ecological information

**Ecotoxicity** 

Aquatic ecotoxicity

Keep out of waterways.

Terrestrial ecotoxicity	There is no data for this product.		
Persistence and degradability Persistence and degradability	No information available.		
Bioaccumulative potential			
Bioaccumulation	There is no data for this product.		
Mobility			
Mobility	No information available.		
Other adverse effects			
Other adverse effects	No information available.		
Section 13: Disposal considerations			
Waste treatment methods			
Waste from residues/unused products	Should not be released into the environment. Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.		
Contaminated packaging	Dispose of in accordance with federal, state and local regulations.		
See section 8 for more information			
Section 14: Transport information			
ADG_	Not classified as Dangerous Goods by the criteria of the Australian Dangerous Goods Code (ADG Code) for transport by Road and Rail; NON-DANGEROUS GOODS.		
IATA_	Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air; NON-DANGEROUS GOODS.		
IMDG	Not classified as Dangerous Goods by the criteria of the International Maritime Dangerous Goods Code (IMDG Code) for transport by sea; NON-DANGEROUS GOODS.		

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code No information available

# Section 15: Regulatory information

# Safety, health and environmental regulations/legislation specific for the substance or mixture

## National regulations

# Australia

Classified as a hazardous substance in accordance with the criteria of Safe Work Australia - Globally Harmonized System (GHS). Not classified as Dangerous Goods by the criteria of the Australian Dangerous Goods Code (ADG Code) for transport by Road and Rail; NON-DANGEROUS GOODS.

See section 8 for national exposure control parameters

#### Standard for Uniform Scheduling of Medicines and Poisons (SUSMP)

Classified as a scheduled poison according to the Standard for Uniform Scheduling of Medicines and Poisons (SUSMP) **Poison Schedule Number** 5

#### Australian Industrial Chemicals Introduction Scheme (AICIS)

	Australian Industrial Chemicals Introduction Scheme (AICIS)	Additional information
Sodium borate decahydrate - 1303-96-4	Present	-

#### **Illicit Drug Precursors/Reagents**

This product does not contain any substance(s) on the Illicit Drug Precursors/Reagents list.

#### National pollutant inventory

Subject to reporting requirement

Chemical name	National pollutant inventory
Sodium borate decahydrate - 1303-96-4	10 tonne/yr Threshold category 1

International Inventories	
AIIC	This material is listed on the Australian Inventory of Industrial Chemicals.
NZIOC	This material is listed on the New Zealand Inventory of Chemicals.
TSCA	Contact supplier for inventory compliance status.
DSL/NDSL	Contact supplier for inventory compliance status.
EINECS/ELINCS	Contact supplier for inventory compliance status.
ENCS	Contact supplier for inventory compliance status.
IECSC	Contact supplier for inventory compliance status.
KECL	Contact supplier for inventory compliance status.
PICCS	Contact supplier for inventory compliance status.

Legend:

AllC- Australian Inventory of Industrial Chemicals

#### NZIOC - New Zealand Inventory of Chemicals

TSCA - United States Toxic Substances Control Act Section 8(b) Inventory

DSL/NDSL - Canadian Domestic Substances List/Non-Domestic Substances List

EINECS/ELINCS - European Inventory of Existing Chemical Substances/European List of Notified Chemical Substances

**ENCS** - Japan Existing and New Chemical Substances

**IECSC** - China Inventory of Existing Chemical Substances

**KECL** - Korean Existing and Evaluated Chemical Substances

PICCS - Philippines Inventory of Chemicals and Chemical Substances

International Regulations

The Montreal Protocol on Substances that Deplete the Ozone Layer Not applicable

The Stockholm Convention on Persistent Organic Pollutants Not applicable

The Rotterdam Convention Not applicable

# Section 16: Other information

Reason(s) For Issue:	5 Yearly Revised Primary SDS
Prepared By	This Safety Data Sheet has been prepared by IXOM Operations Pty Ltd (Toxicology and SDS Services).
Revision date:	19-Nov-2024

#### **Revision Note:**

The symbol (\*) in the margin of this SDS indicates that this line has been revised.

#### Key or legend to abbreviations and acronyms used in the safety data sheet

#### Legend

SVHC: Substances of Very High Concern for Authorization: PBT: Persistent, Bioaccumulative, and Toxic (PBT) Substances vPvB: Very Persistent and very Bioaccumulative (vPvB) Substances STOT: Specific Target Organ Toxicity ATE: Acute Toxicity Estimate LC50: 50% Lethal Concentration LD50: 50% Lethal Dose

## Legend Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

TWA	TWA (time-weighted average)	STEL	STEL (Short Term Exposure Limit)
Ceiling	Maximum limit value	*	Skin designation
С	Carcinogen		

## Key literature references and sources for data used to compile the SDS

## **Disclaimer**

This SDS summarises to our best knowledge at the date of issue, the chemical health and safety hazards of the material and general guidance on how to safely handle the material in the workplace. Since Ixom Operations Pty Ltd cannot anticipate or control the conditions under which the product may be used, each user must, prior to usage, assess and control the risks arising from its use of the material.

If clarification or further information is needed, the user should contact their Bronson & Jacobs representative or Ixom

Operations Pty Ltd at the contact details on page 1.

Ixom Operations Pty Ltd's responsibility for the material as sold is subject to the terms and conditions of sale, a copy of which is available upon request.

Bronson and Jacobs incorporating the businesses of Woods and Woods and Keith Harris and Australian Botanical Products.
