SAFETY DATA SHEET

Revision date: 20-Feb-2024

Revision Number 4

Section 1: Identification	
Product identifier	
Product Name	ONION FLAVOUR NATURAL E47854 (FNONI47854)
Product Code(s)	00000038536
Other means of identification	
Pure substance/mixture	Mixture
Recommended use of the chemical	and restrictions on use
Recommended use	Flavour.
Uses advised against	No information available.
Details of manufacturer or importer	
<u>Supplier</u> Ixom Operations Pty Ltd (Bronson & Jacobs division) - incorporated in Australia ABN:51 600 546 512 70 Marple Avenue Villawood NSW 2163 Australia	
Telephone Number: +61 2 8717 2929 Facsimile: +61 2 9755 9611	
Emergency telephone number	
Emergency telephone number	1 800 033 111 (ALL HOURS)
Please ensure you refer to the limitations of this S	Safety Data Sheet as set out in the "Other Information" section at the end of this Data Sheet.

Section 2: Hazard identification

Not classified as dangerous goods in accordance with the Australian Code for the Transport of Dangerous Goods by Road and Rail (ADG).

Not classified as a hazardous substance in accordance with the criteria of Safe Work Australia - Globally Harmonized System (GHS).

GHS Classification

Label elements

Signal word None

Other hazards which do not result in classification

Section 3: Composition and information on ingredients

Chemical name	CAS No.	Weight-%
Flavour ingredients at non-hazardous	-	100
concentrations		

Section 4: First aid measures

Description of first aid measures

General advice	For advice, contact a Poisons Information Centre (e.g. phone Australia 13 11 26; New Zealand 0800 764 766) or a doctor.		
Inhalation	Remove to fresh air. If symptoms persist, call a physician.		
Eye contact	Rinse thoroughly with plenty of water, also under the eyelids. Keep eye wide open while rinsing. If symptoms persist, call a physician.		
Skin contact	Wash skin with soap and water. Get medical attention if irritation develops and persists.		
Ingestion	Clean mouth with water and drink afterwards plenty of water. Do NOT induce vomiting. Get medical attention if symptoms occur.		
Most important symptoms and effects, both acute and delayed			
Symptoms	No information available.		
Effects of Exposure	No information available.		
Indication of any immediate medical attention and special treatment needed			
Note to physicians	Treat symptomatically.		
Section 5: Firefighting measures			
Suitable Extinguishing Media			
Suitable extinguishing media	Fine water spray. Foam. Dry chemical. Carbon dioxide (CO2).		
Unsuitable extinguishing media	Do not scatter spilled material with high pressure water streams.		
Specific hazards arising from the c	hemical		
Specific hazards arising from the chemical	Non-combustible. However following evaporation of the water component of the material, the residual material can burn if ignited. In the event of fire, cool tanks with water spray. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.		

```
Hazardous combustion products Oxides of carbon.
```

Special protective actions for fire-fighters

Special protective equipment and precautions for fire-fighters Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.

Section 6: Accidental release measures

Personal precautions, protective equipment and emergency procedures

Personal precautions	Avoid contact with skin and eyes. Avoid breathing vapors or mists. Ensure adequate ventilation. Evacuate personnel to safe areas. Do not touch or walk through spilled material. Keep people away from and upwind of spill/leak. Wash thoroughly after handling. Use personal protective equipment as required.	
For emergency responders	Clear area of all unprotected personnel. Use personal protection recommended in Section 8.	
Environmental precautions		
Environmental precautions	Prevent further leakage or spillage if safe to do so. See Section 12 for additional Ecological Information.	
Methods and material for containment and cleaning up		
Methods for containment	Stop leak if you can do it without risk. Dike far ahead of spill to collect runoff water. Absorb or cover with dry earth, sand or other non-combustible material and transfer to containers.	
Methods for cleaning up	Slippery when spilt. Avoid accidents, clean up immediately. Dam up. Soak up with inert absorbent material. Pick up and transfer to properly labeled containers.	

Section 7: Handling and storage

Precautions for safe handling

Advice on safe handling	Avoid contact with skin, eyes or clothing. Avoid breathing vapors or mists. Ensure adequate ventilation. Use according to package label instructions. Handle in accordance with good industrial hygiene and safety practice.		
General hygiene considerations	Regular cleaning of equipment, work area and clothing is recommended. Wash hands and face before breaks and immediately after handling the product. Wear suitable gloves and eye/face protection.		
Conditions for safe storage, including any incompatibilities			
Storage Conditions	Keep containers tightly closed in a cool, well-ventilated place. Protect from direct sunlight. Store away from sources of heat or ignition. Store away from incompatible materials described in Section 10. Keep container closed when not in use.		
Incompatible materials	Strong oxidizing agents.		

Section 8: Exposure controls and personal protection

Control parameters

Exposure Limits

No value assigned for this specific material by Safe Work Australia.

Appropriate engineering controls

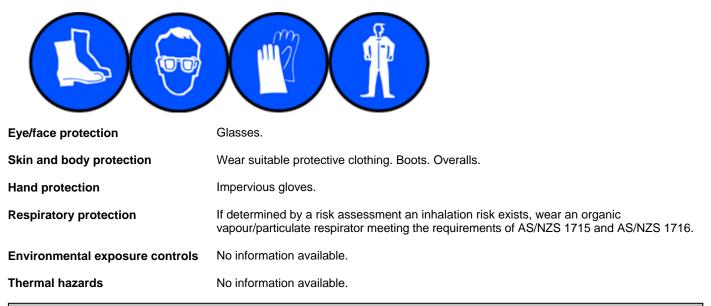

Engineering controls

Ensure adequate ventilation, especially in confined areas.

Individual protection measures, such as personal protective equipment

The selection of PPE is dependent on a detailed risk assessment. The risk assessment should consider the work situation, the physical form of the chemical, the handling methods, and environmental factors.

OVERALLS, SAFETY SHOES, SAFETY GLASSES, GLOVES.

Section 9: Physical and chemical properties

Information on basic physical and chemical properties

Physical state Appearance Color Odor Odor threshold	Liquid Opaque, Viscous No information available Characteristic Onion No information available	
Property	Values	Remarks • Method
H	No data available	None known
pH (as aqueous solution)	No data available	None known
Melting point / freezing point	No data available	None known
Boiling point / boiling range	No data available	None known
Flash point	Not Applicable	None known
Evaporation rate	No data available	None known
Flammability (solid, gas)	No data available	None known
Flammability Limit in Air		None known
Upper flammability or explosive limits	No data available	
Lower flammability or explosive limits	No data available	
Vapor pressure	Not Applicable	None known

Revision Number 1

Vapor density Relative density Water solubility Solubility(ies) Partition coefficient Autoignition temperature Decomposition temperature Kinematic viscosity Dynamic viscosity Other information	Not Applicable 0.9885 - 1.0095 No data available Soluble in water No data available Not Applicable No data available No data available No data available	None known @ 20 °C None known None known None known None known None known None known	
No information available			
Section 10: Stability and re	eactivity		
<u>Reactivity</u>			
Reactivity	No information available.		
Chemical stability			
Stability	Stable under normal conditions.		
Explosion data Sensitivity to mechanical impac Sensitivity to static discharge	ct None. None.		
Possibility of hazardous reactions	_		
Possibility of hazardous reactions	None under normal processing.		
Conditions to avoid			
Conditions to avoid	Avoid exposure to heat, sources of ign	nition, and open flame. Direct sunlight.	
Incompatible materials			
Incompatible materials	Strong oxidizing agents.		
Hazardous decomposition product	<u>s</u>		
Hazardous decomposition products Oxides of carbon.			
Section 11: Toxicological information			

Information on likely routes of exposure

mical is handled in accordance with this Safety s or effects that may arise if the chemical is
umed in large amounts.

Symptoms	No information available.				
Acute toxicity					
Numerical measures of toxicity - F	Product Information				
See section 16 for terms and abbrevia	ations				
Delayed and immediate effects as w	vell as chronic effects from short and long-term exposure				
Skin corrosion/irritation	No information available.				
Serious eye damage/eye irritation	No information available.				
Respiratory or skin sensitization	No information available.				
Germ cell mutagenicity	No information available.				
Carcinogenicity	No information available.				
ouromogenicity					
Reproductive toxicity	No information available.				
STOT - single exposure	No information available.				
STOT - repeated exposure	No information available.				
Aspiration hazard	No information available.				
Section 12: Ecological information					

Ecotoxicity

<u></u>	
Aquatic ecotoxicity	Avoid contaminating waterways.

Terrestrial ecotoxicity There is no data for this product.

Persistence	and	degradability	

Persistence and degradability No information available.

Bioaccumulative potential	
Bioaccumulation	There is no data for this product.
<u>Mobility</u>	
Mobility	No information available.
Other adverse effects	
Other adverse effects	No information available.

Section 13: Disposal considerations

Waste treatment methods

Waste from residues/unused products	Dispose of in accordance with federal, state and local regulations. Dispose of waste in accordance with environmental legislation.
Contaminated packaging	Dispose of in accordance with federal, state and local regulations.

See section 8 for more information

Section 14: Transport information				
ADG	Not classified as Dangerous Goods by the criteria of the Australian Dangerous Goods Code (ADG Code) for transport by Road and Rail; NON-DANGEROUS GOODS.			
IATA	Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air; NON-DANGEROUS GOODS.			
IMDG_	Not classified as Dangerous Goods by the criteria of the International Maritime Dangerous Goods Code (IMDG Code) for transport by sea; NON-DANGEROUS GOODS.			

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code No information available

Section 15: Regulatory information

Safety, health and environmental regulations/legislation specific for the substance or mixture

National regulations

<u>Australia</u>

Not classified as dangerous goods in accordance with the Australian Code for the Transport of Dangerous Goods by Road and Rail (ADG).

Not classified as a hazardous substance in accordance with the criteria of Safe Work Australia - Globally Harmonized System (GHS).

See section 8 for national exposure control parameters

Standard for Uniform Scheduling of Medicines and Poisons (SUSMP)

No poisons schedule number allocated

Poison Schedule Number Not applicable

Australian Industrial Chemicals Introduction Scheme (AICIS)

Contact supplier for inventory compliance status

Disclaimer

This SDS summarises to our best knowledge at the date of issue, the chemical health and safety hazards of the material and general guidance on how to safely handle the material in the workplace. Since Ixom Operations Pty Ltd cannot anticipate or control the conditions under which the product may be used, each user must, prior to usage, assess and control the risks arising from its use of the material.

If clarification or further information is needed, the user should contact their Bronson & Jacobs representative or Ixom Operations Pty Ltd at the contact details on page 1.

Ixom Operations Pty Ltd's responsibility for the material as sold is subject to the terms and conditions of sale, a copy of which is available upon request.
